POSITION Professor in Manufacturing Technology and Systems, Director of the Centre for Precision Manufacturing.

EDUCATION AND WORK EXPERIENCE

Prof. Qin had PhD in Manufacturing Engineering, MSc in Mechanical Engineering and BEng in Engineering Machinery. He is a Fellow of the *Institution of Mechanical Engineers* (FIMechE), Editor-in-Chief of the journal of *Manufacturing Review*, Secretary of the *Committee of the UK University Manufacturing Engineering Heads Consortium* (COMEh), Member of the Advisory Board to the *International Commercial Micro-Manufacturing Magazine*, Member of the Editorial Board of the *International Journal of Machine Tools and Manufacture*.

Prof. Qin's research interests include Materials Forming and Micro/Nano-Manufacturing. He has led a series of the funded RTD projects with total budget over 40 millions euros. He has published over 200 technical papers and books, including a book on "Micro-Manufacturing Engineering and Technology" (2nd Edition, published by Elsevier, 2015), and given keynote speeches/invited lectures at more than 30 international conferences and workshops worldwide. He was Chair of the 4th International Conference on New Forming Technology, 2015, and has been a member of the Scientific Committee of more than 40 international conferences. Prof. Qin is also teaching UG course on Product Design and Production Engineering, MSc course Advanced Manufacturing Technology and Systems, and supervising 10 PhD students in Manufacturing Technology.
